David,

I don't know why you keep saying I talked to Mary. I didn't.

Regarding the economics, I understand. Perhaps better than you do.

Regarding an apartment, you can live with us free of charge until you find one. BUT if you don't find one in two months, I don't think you are really trying. Two or three weeks should be plenty of time in the Holland/Grand Haven area. (Especially with a realtor in the family.)

Dad

I don't think you understand the situation. This is how \$1500 gets frittered away (even in poor areas) \$500 rent. \$310 food. \$200 health care/dental. Trash: \$60. Phone: \$30. Electricity/Plumbing: \$50. Clothing/Haircuts: \$50 Transportation: \$100 Entertainment: \$100 Emergency Fund/Retirement: \$100. There is a Gavron warning on my spousal support, and that is that I attempt to find work. My spousal support is not a forever thing. I have no retirement fund. Like you, I do not want to work forever. Spousal support usually lasts half the life of the marriage, and there are no magic guarantees that Mary will keep her word and never leave me destitute. She already left me destitute when she filed the restraining order, who is to say that it won't happen again and that a judge won't rule in her favor? I have no money to risk.

I warned you against talking to Mary. She is a sociopath. She is the one calling me a freeloader. I am the one saying: "no, wait--50% of all people eligible to work are not working in America." I am not a freeloader. I am an artist. If you have ever seen an artist work, you would know that artists work quite hard to do what they do. Life offers no guarantees. I know the Boy Scout motto is: "be prepared", and this is what I am

attempting to do after not preparing for it--and who can prepare for a sociopath?

Home is where you are wanted. I take issue with you saying that I treated you like dirt. I was attempting to solve a problem I had no knowledge of how to fix, and I knew that just doing nothing about it wouldn't fix anything. If I lied and manipulated, I would be in a much better place than the one I am in now. <https://www.youtube.com/watch?v=urwyTGOgKwY>

David,

I'm glad you remembered that speech about "blood being thicker than water;" i.e., family being more important than religion. But I think that you missed the bigger point: that that was the reason WHY I was letting you stay with us. If I didn't believe that family was important, I would have told you to go pound sand.

When your grandfather Jerry Smeenge died, I called you to just let you know and you hung up on me. For seven years, you didn't call us, write us, send birthday cards, or contact us in any way. Not only would you not talk to us, but you forbid us contact with Mary and Elsie. You did this for seven years! You didn't attend any of Laura's Thanksgiving dinners in Phoenix. You made it very clear that you did not want to be a part of the Werking family. It took a while but I finally accepted this and stopped sending you the annual check for a Christmas present. As far as I was concerned, you were dead and did not exist. Then in March we got a call from Mary informing us that she was divorcing you and that you were out on the street. It was hard, but after much prayer, your Mother and I decided to forgive you and help you out. Not only did we let you live with us but we gave you \$14,000 to help pay for your legal expenses so you that could get a fair divorce settlement.

Now you have that settlement. You are a rich man and set for life. Maybe you don't need us anymore. Maybe you want to start treating us like dirt again. David, you are not doing us a favor by moving to Michigan. We are doing you a favor. If you want to move to India, do so. I just need to know one thing. Are you a member of my family or not? If so,

then start acting like it. We are glad to help you in any way we can. Just stop lying to us and trying to manipulate us. And treat us with just a little love and respect. However, if that is too much for you, if you don't want to be a part of the Werking family... then I wish you well and I will try to remember you fondly.

Your Father

Rent? Were you going to charge convicted felon Uncle Tom rent?

Home is the place of last resort i.e. that speech you gave me about blood being thicker than water.

If you don't want to let me in to exist I can find a place with a storage space SOMEWHERE in America, move there, and just have storage guys move my stuff around. I don't really have to use home. I thought it would be nice/ obv I was wrong, esp. with the way you're sharing my details with Mary. Sharing my details with Mary is why she was able to turn me into a basketcase during the divorce, and probably why I may not have been able to get a better settlement. Congratulations you should be proud of yourself.
